

UNLOCKING the growth with Michael Harvey

founder of the Back to Church Programme

Learn about:

- Why Christians don't invite people to church
- Inviting people to stay (the Seasonal approach)
- A modern look at the parable of the Sower
- The 12 words unlocking invitational discipleship

The seminar offers simple and effective ideas for increasing the number of people gathered to invitational services and then to see them become members of the parish. It is specifically designed for church leaders and lay people who want to see their church grow.

"Your presentation was excellent. It had me on the edge of my seat for the whole two hours"
